'Gentleman of the Law'

John L. FitzGerald, Noted Lawyer, Dies at His Home Here

A lawyer — "A Gentleman of the Law" — whose trademark was a white carnation boutonniere always worn in his coat lapel, and who was known to multitudes of people in Sierra Madre and adjacent area, passed away quietly, practically in his sleep, last Saturday morning.

He was John L. FitzGerald, 87, who following a long illness, died at his home at 735 E. Grand View, after having spent 24 years in Sierra Madre. He had retired from active practice three years ago.

The night before he had remarked casually to his wife: "You know, Maud, I feel as though I won't be with you much longer now." He had been partially paralyzed and bed-ridden for some time.

John L. FitzGerald

A PICTURESQUE character, able lawyer and loyal citizen of his city, Atty. FitzGerald was born in Stockton-on-Tees, Ireland. In 1875 he came to the United States, locating first in Pittsburgh, Pa.

Subsequently, he was graduated from the St. Paul Law School in St. Paul, Minn., and began practicing in Spokane, Wash., and Wallace, Idaho, where he became district attorney. He came to California in 1938, immediately opening a law office here.

He married Miss Maud L. Evans of St. Paul in 1902 and in addition to his wife is survived by two sons, John L. FitzGerald Jr., of Arcadia and Dr. Edgar J. FitzGerald of Wallace, Idaho, and two grandchildren.

ATTY. FitzGERALD was a life member of the Knights of Columbus (4th Degree); the Elks Lodge of Monrovia (an Elk for 39 years) and held the rank of captain in the Reserve Officers Association.

Rosary was recited Sunday at 7:30 p.m. in St. Rita's Church, with funeral Mass at 9 a.m. Monday, with Rev. Thomas J. O'Malley officiating. Interment was in Resurrection Cemetery. Ripple Mortuary was in charge.

Oh Boy! Circus Due on S. M. School Lot

The John Strong Circus will be in town again for the Sierra Madre Parent Teacher Association. The open air big top will be set up on the Sierra Madre School playground this Saturday. Show times will be at 1, 2:15 and 3:15 p.m. Admission for adults is 50 cents and 35 cents for children.

Toby Tyler, trained chimpanzee, will be featured along with a trained dog act in which one will do an 18 foot high dive. There will be Eddie Spaghetti the clown, magic acts and trained ponies.

A Walt Disney movie will be shown in the auditorium 15 minutes after the start of each circus performance. Tickets for this are 20 cents.

THE GATES will open at 12 with food booths, pony rides, stagecoach rides, "Mother Bunny's Bakery" and cakewalk, white elephant and makeup booths.

Silver Dollar Deal Is Again Featured

The Sierra Madre Kiwanis Club will serve its sixth annual community breakfast in Memorial Park the morning of Saturday, June 2, between 7 a.m. and 12 o'clock noon.

As has been the custom in the past, the breakfast of juice, ham and hotcakes, butter and syrup, coffee or milk, will be served for 39 cents.

The Kiwanis Club offers this tasty breakfast — cheaper than eating at home — through cooperation of Sierra Madre merchants and food suppliers of these merchants.

Breakfast tickets are sold at $1 each, but with each ticket — good for the breakfast — and 89 cents, the First Western Bank will then give a Kiwanis souvenir silver dollar, which will be good for $1.50 in trade at most Sierra Madre stores through the following Wednesday.

THE SIERRA MADRE Kiwanis breakfast, served out-of-doors in the park at W. Sierra Madre Blvd. and S. Hermosa, has been growing in poularity as an annual community event. Almost 1,000 breakfasts were served last year. At the sum-total low 39 cent breakfast cost, Sierra Madreans have been making this event a must-not-miss affair and have been taking their whole families — youngest to the oldest. Children enjoy it as much as the oldsters.

"The aim of the Kiwanis Club," said Postmaster Charles E. Louk, who is president of the club, "is to serve such a fine breakfast at so low a price that all Sierra Madreans can enjoy it as the breakfast picnic where they will meet their old friends and make new friends."

"THE BREAKFAST this year," said David Kirkpatrick, breakfast chairman, "will include a lot more than good food. Many prizes will also be included in the fun-for-everybody celebration."

Breakfast tickets are now available at $1 each from any Sierra Madre Kiwanian, at many stores and at the office of the Sierra Madre News.

Water From Feather River Available For Southland to be 1,800,000 Acre Feet

EDITOR'S NOTE — This is the second of a series touching on the water situation for Sierra Madre and the San Gabriel Valley prepared for the SIERRA MADRE NEWS by City Administrator Lawrence C. Bevington. Another will appear shortly.

The report two weeks ago on action by the two water districts in the San Gabriel Valley raised some interesting questions concerning the water supply in the valley. The Sierra Madre city administrator has agreed to write several articles for the **SIERRA MADRE NEWS** answering these questions and explaining the possible and proposed water supply. He will attempt to answer specific or general questions if they are submitted either to him at the **CITY HALL** or at the **SIERRA MADRE NEWS** office.

EXACTLY WHAT IS THE STATE CONTRACT OR FEATHER RIVER PLAN?

Since approximately 75 per cent of the rainfall in the State of California falls in the northern part of the state and presently 75 per cent of the usage is in the Southern part, the Feather River Plan will build a large pipe line from the area north of Sacramento down to the southern part of the state.

The entire construction will consist of four parts: Dams in the north to control the heavy runoff, thereby conserving water and preventing floods; a combination of pipes and open channels to carry the water; pumping stations to boost the water over mountains and slopes; terminal reservoirs to hold the water at this end until it is taken by the local user.

HOW MUCH WATER WILL BE DELIVERED TO THE SOUTHERN AREA?

1,800,000 acre-feet of water a year will be available to the area south of the Teha-

Youths Plan Info Rally on Politics

By Kathy Brown

The Pasadena Area Youth Council will sponsor a Youth Political Night on May 19 at 8 o'clock in Pasadena City College's Sexson Auditorium in order to inform interested Pasadena area citizens of the various aspects of the coming Gubernatorial primary election.

Members of the planning committee from this area are Kathy Brown, Sierra Madre, and Nancy Hochberg, Hastings Ranch; John Fauvre, Youth Political Night chairman; Armen Sarafian, Youth Council advisor.

The non-partisan affair will feature representatives from the three leading Gubernatorial candidates — Brown, Shell and Nixon. These representatives will present their respective platforms and their views on the role of youth in California.

A panel of four interested high school students will then discuss the major issues of the campaign with them, and finally questions will be taken from the audience.

THE EVENT is completely educational and no political

Lee Shippey Writes On Bigness

Sometimes it seems that, despite human selfishness, intelligence is about to dawn on us for awhile. Such an indication came the other day when a Gallup poll of jobholders questioned about need for shortening the 40-hour work week showed 54 per cent of those questioned replied that they did not believe industry could afford it. And when industry cannot afford a thing there are layoffs, shutdowns and mergers which mean hard times.

* * *

ANYONE who can look back 30 years can recall times when able, honest, skilled and proud carpenters and mechanics were desperately clinging to jobs which paid them less for eight hours work than they get now for one hour.

And many men could get no jobs at any price.

The reason, I think, was that during World War 1 America had become both the granary and builder for the whole world and had expanded to produce for all the world.

California shipyards, for example, were hiring half-skilled carpenters at the then shocking wage of $10 a day and everything else was in proportion.

BUT A FEW YEARS later Europe was coming back as a competitor. I was in Mexico then, employed for awhile as a clerk in a United States consulate, and it was my job to learn how and why German salesmen

Roy Farmer, Storekeeper Here, Is Dead

For 22 years proprietor of the Farmer Market at 440 Sturtevant Dr., Roy G. Farmer, 78, who came west in 1937, passed away on May 9. Some months ago he had been injured in a fall and had never completely recovered.

Widely and favorably known among Canyon folk, Mr. Farmer was born in Grand Rapids, Mich. He came west, first to Arcadia, where he founded a market, but three years later removed to Sierra Madre, starting the market here. His wife, Mrs Adele Sawyer Simpson, who was a native of Minnesota, died in 1942.

SURVIVING are a son, William A. Farmer of Sherman Oaks; a brother, John Farmer of Minnesota, and two grandchildren.

A member of Neptune Lodge of Masons, No. 619, the latter group with the Pasadena Masons Board of Relief, conducted the Masonic rites Monday at 11 a.m. at the Chapel of the Gardens Mountain View Masoleum.

Entombment was in Mountain View Mausoleum. Lamb Funeral Home directors were in charge.

Reagan Tells 1,400 About Nation's Ills

Ronald Reagan spoke to 1,400 persons on "The Price of Freedom" at the Pasadena Civic Auditorium last week. The program was sponsored by the East Pasadena-Sierra Madre Republican Women's Club.

"If war or peace is the issue," said Reagan, "are we willing to pledge our lives and our sacred honor, or is life so sweet and peace so dear as to be purchased at the price of chains and slavery? It only takes one to make a war, not two as in a quarrel.

"It's time we realized that more nations have backed their way into war through appeasement than have ever reaped the holocaust by standing firm on principle because of what they knew in their hearts and minds to be right."

Pat Adopts 4 'Babies'

The other day Pat Wade had four "babies" left on the doorstep of her home at 681 W. Orange Grove —baby linnets, that is.

A neighbors cat had killed the Mamma Linnet—hence the four bird orphans.

Pat, who had watched with avid interest hatching of the four small eggs, has placed the four little linnets on an electric heating pad in the workshop of her father, Henry Wade Jr., and has set about raising them.

Apparently they are happy with their adopted mother and home, plus the food. Any time Pat goes near them, all four little mouths open to the fullest extent as she feeds them with the point of a nail file.

They eat until they are bulging and then fall asleep on the nice warm bed for another hour—until it is again feed time.

Pats only worry now: Is she going to have to climb a tree to teach the linnet babies how to fly?

PAT MIHAKOVIC did likewise in displaying this beautiful dress for the younger folk.

Shakespeare Jr's Install Mrs. Berger

Mrs. George E. Berger was installed president of the Shakespeare Club Juniors at the traditional Mother-Daughter banquet last night at 7 o'clock. Mrs. T. William Heidner, vice president of the Shakespeare Club, officiated. Invocation was given by Mrs. Kenneth H. Scott.

Assuming executive board duties with Mrs. Berger were Mmes. Claude R. Hickman, vice president; Robert F. Hayes, secretary; Leonard J. Altmayer, treasurer; Peter D. Tilton, social service; Harry A. Meskell, membership; James T. Coleman, entertainment; Charles W. McCurdy, press; William Hannaford, luncheons; William H. Henry, drama; Delford B. The banquet had a theme titled "Our Gal," with a "Gay Nineties" motif. A predinner gathering was held in the foyer at Stratford House where Mrs. Earl Newkirk played a medley of old-fashioned favorites on the piano. Song sheets from the bygone era were used to decorate the walls.

Guests were entertained during dinner by the "Gaslight Harmony Four," a barber shop quartet. They sang against a stage setting of an old-fashioned sweet shop complete with candy-filled apothecary jars and ice cream tables and chairs. Red carnations and white milk glass graced the tables.

Mrs. Daniel H. Rogers was mistress of ceremonies at the candlelight installation. She introduced the provisional members who have completed their requirements for active membership.

AMONG THE SPECIAL guests were Miss Janet Berger and Mrs. J. A. Jarbarini, Mrs. Berger's daughter and aunt. Junior Advisors Mmes. James C. Chambers, A. J. Fredericks and C. Stuart Perkins also were present.

Mmes. Thomas H. Horn and William H. Henry were co-chairmen of the affair. They were assisted by Mmes. Harry A. Meskell and Claude R. Hickman, table decorations; Richard G. Hemphill, Nathan Daugherty and Terry McKelvey, table settings; Jack Snell, stage decor; Phil Bauman, programs; John E. Wells and Mrs. Bauman, foyer decorations; Robert A. Mrs. Mary A. Quinn of 220 Churchill Glen and her daughter, Mrs. Richard I. Johnson of 177 Oak Meadow Rd., enplaned by jet for Europe, first landing at Shannon Airport, Ireland, where a car awaited them for the six weeks' duration of their trip during which they will visit five countries.

Their longest stop is at Donegal, Ireland, where Mrs. Quinn was to be guest of many parties arranged by her brothers, John and James, residents there.

They will return by Polaris Flight, planning to be back in Sierra Madre for the graduation exercises at La Salle High of son and grandson, Mike Johnson.

Civic Club Maps Girls' Social Plan

Among the possible philanthropies for this year under consideration by Sierra Madre Civic Club is sponsorship of a social dancing and etiquette course for Sierra Madre 13-15-year olds.

To determine the need and interest in this kind of program, parents of students within this age group who are interested in participating, or the students themselves, are asked to write to Mrs. Edward N. Chapman, c/o Sierra Madre Civic Club, P.O. Box 413, Sierra Madre, by May 22, indicating their interest.

THE PARTICIPANT'S name, age, and school, as well as a preference for a summer or fall course, should be given. A statement about the parents' willingness or ability to give minimum financial support, should the need arise, and further suggestions should also be included in the letter.

According to Mrs. Chapman, sponsorship of such a program will depend upon the response and ratio of boys and girls interested.

Final decision on the philanthropies to be supported from 1961-62 ways and means projects conducted by Mrs. John Wilson and her committee will be made on Thursday, May 24.

D. Hamblin To Address Rita's Guild

Donald W. Hamblin, Pasadena attorney, will tell the exciting story of "Colonel Lankershim's Note," when he is presented to membership of St. Rita's Guild at their monthly luncheon meeting to be held Tuesday, May 8, at 11:45 a.m. in school hall. Mrs. Ross W. Cortese, program chairman, has arranged for his appearance.

Mr. Hamblin, a graduate of Stanford University and Harvard Law School, has been a California resident for 40 years. He is active in community affairs, having served as president of the University Club of Pasadena and on the Board of Family Service of Pasadena, Boys' and Girls' Aid Society of Los Angeles and the Community Chest.

"COLONEL LANKERSHIM'S Note" could be described as a legal battle over the validity of a note which promised to give some $700,000 to a lady friend of Colonel Lankershim.

Mrs. Edmond D .Pulone, Guild president, will conduct a short business meeting at which the slate of officers for next year will be introduced.

Special guests will be the Executive Board of Mt. Alverno Guild including Mmes. John Moe, Charles Gilb, Charles E. Boggs, E. Westfall, George Stucka, Theodore Cocores, Jr., Antnony De Pasco, John E. Mrs. E. W. Beutler Goes to Hospital

Mrs. E. W. (Mary) Beutler, prominent clubwoman, of 190 Romona, entered St. Luke Hospital yesterday for major surgery scheduled for tomorrow.

THERE ARE REASONS—nine, to be exact, why Mr. and Mrs. Russell Hardy were among the first in purchasing a $12.50 Family Ticket for the city's Sierra Vista Park Swim Pool for this summer. Here we see Rick Appleton, swim pool directod ,informing the Hardy's — he's a former USC football star — how the pass functions, while the nine Hardy youngsters, five boys, four girls, make ready to use a sprinkler as precursor to the joys of the pool itself. The Hardy's reside at 252 E. Grand View. If you wish to learn more about Family Passes just phone ELgin 5-7135 — it's a bargain.

Artist John Clark's Works Shown at Xanadu Gallery Excellent In Line, Beauty

By Sewall Clark

If everyone's enthusiasm for the paintings by John Clark showing at the Xanadu Gallery, 41 E. Montecito, May 5 through May 31, had to be expressed in formalities or the language of an art critic this copy would be good only as a note on the police blotter: D.O.A.—as pronounced in "Dead on Arrival."

No one, however, needs to be versed in the technicalities of art, or the academic discussions thereof, to appreciate the meaning of the time-honored statement: "A thing of beauty is a joy forever." Looking back upon it, that first line from a poem by John Keats says in just a few words what I've been trying to say about John Clark's paintings for two paragraphs.

THE GREATEST obstacle here, however, is an historical one. Although the experts long ago gave up trying to find a definition of art that could serve as criterion for the everchanging, often experimental, tastes of an everchanging world, there still remains the word, "beauty," which continues as a term acceptable to most without explanation—yet still challenged by a few who will insist upon disagreeing with just about everybody and everything.

A rose is a rose and would smell as sweet by any other name, provided you don't dissect it into such disintegrated pieces that it looks, or might even smell, like something else. (May the ghosts of William Shakespeare and Gertrude Stein forgive me.)

ONE OF CLARK'S paintings at Xanadu is "colloge." In water color. Does that say anything to you? A few more are abstractions, but most are "naturalistic"—in oils. Have I still said anything? Of course not. But these terms are classifications which we are sometimes supposed to accept without seeing or understanding.

Certainly it is not the fault of the artist that his pictures cannot be seen through words. You cannot explain color to a blind man; a fact that is neither his fault nor yours. One of Clark's paintings, the one that drew me instantly to its side, is called: "Young Tree." But in your mind, as of this moment, can you see the beauty of this painting?

There are more: "Flowering Artichoke and Thistles" (if only you could see the colors and forget the title) "Flowering Branches." Or take the one with the simple title: "Daisies." You've seen daisies, but you have never seen delicate, meditative colors quite like these on canvas.

When you learn that John Clark is not quite 32 (born: Chicago, July 10, 1930—sorry, no relative of mine), you can't help but wonder how anyone so young can be so advanced in the technique and feeling of color and design, but the fact remains that he has sold in many galleries from here to New York, and his work already is seen in private collections, including those by the German Embassy in Washington, D.C., the Crown Zellerback Collection in San Francisco (where he now lives) and William Holden.

If it's a cloudy day, the owners of Xanadu, Jo Tracey and Marge Hardman, will be glad to turn on special lights for you.

Takes Post With Ripple Mortuary

Walter G. Gardener with his wife, Ethel, has removed from Visalia to Sierra Madre where he has taken a position as assistant to Sterling T. Ripple at the Ripple Mortuary, 201 W. Sierra Madre Blvd.

Opportunity at Nursery School Here

"Every pre-school child should have the developmental experiences a good nursery school provides," asserted Dr. Dara Louise Cockrell, child development consultant at a Child Welfare Conference in Houston, Texas recently. "The community should provide nursery education for young children," she emphasized, "if family finances can't be stretched to include tuition."

Sierra Madre can be justifiably proud that it has a Community Nursery School, 15 years old, where preschool children come either two or three days a week to learn new skills and develop social relationships, supervised by trained personnel in association with the parents.

SIERRA MADRE Community Nursery School is also under the Adult Education Department of Pasadena City College, with discussion in Parent Education led by the school director.

Mothers of the Nursery School children may work as assistants to the teachers twice a week as an exchange for their child's attendance. Other mothers work in the school only one morning a month and make a small monthly contribution to the school, which was built by the fathers on Sierra Madre city land.

Application for fall enrollment is now being taken at the nursery school. Any one interested is urged to call the school, ELgin 5-1655, as soon as possible as the groups are rapidly filling up.

Garden Club Final Meet

Last dinner meeting of the year of the Sierra Madre Garden Club will be held at the Sierra Madre Woman's Club, Monday, May 14, with dinner at 6:30 p.m., business meeting at 7:30 and program at 8.

Election of officers for the coming year, beginning July 1, will be on the agenda as well as plans for the June meeting which will be a visit to the Huntington Library Gardens in San Marino. Usual plant sale will take place.

The program will be presented by Mary Armstrong whose subject will be "Using Rock in Our Gardens and Mulching With Rock."

Since the Sierra Madre Cemetery Association is now functioning, the Garden Club's contribution of $25, which has been held for some time for their use, has now been turned over to the association for cemetery beautification.

Come to the meeting, wear a flower and bring a friend. Dinner reservations taken by Mrs. Adelaide Miller, ELgin 5-9280.

WHEN THE VETERANS of Foreign Wars and Auxiliary conducted their Mother's Day breakfast at the post rooms, 40 E. Montecito last Sunday they honored three top-spot mothers of the city. Here we have the trio as pictured when they received their prize orchids from Commander Wally Boyko: In the center is Mrs. Mary (Mom) Kiggins, oldest mother present; at left, Mrs. Marjorie Quarnstrom, mother with most children, and at right, Mrs. Polly Gruber, the youngest mother at the breakfast.

Hahn's Now Grandfolks for 4th Time

Mr. and Mrs. John Hahn, 140 E. Grand View Ave., Sierra Madre, became grandparents for the fourth time at 12:51 p.m., Friday, May 11. Daniel Wiley Finch III weighed in for the first time at 8 pounds, 10½ ounces. He arrived "In the Pink" at the Presbyterian Intercommunity Hospital at Whittier, with James P. Fitzgerald, M.D., "officiating."

Little Danny's mother, Winifred Hahn Finch, is "doing fine,' related the happy father, Daniel W. Finch, a senior electronics designer at Hughes Aircraft. Young Daniel will reside with his sister and brother, Christine, 3½, and David, 2, in the home of his parents at 12829 Meadowgreen Ave., La Mirada.

PROUD UNCLE CHARLES Hahn and Aunt Margaret Hahn, now attending Sierra Madre School, can hardly wait to view the new arrival. Aunt Jo (Mrs. Robert Hahn, a kindergarten teacher at Don Benito School (upper Hastings Ranch) last year, is the mother of Nancy, 4 months, the new new cousin. Aunt Beth (Mrs. George Selleck), wife of Rev. George Selleck, minister of Westminster Presbyterian Church , Bell Gardens), is expecting to present the fifth grandchild next month.

Another happy grandparent is Mrs. Beatrice J. Finch, widely-known blind teacher at the Braille Institute. Grandfather Hahn is the assistant chief deputy county clerk. Great uncles include County Supervisor Kenneth Hahn, Los Angeles City Councilman Gordon Hahn and Public Accountant Louis Hahn, former auditor for Sierra Madre School.

The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever enjoyed living with people while still wishing for privacy? A room of your own?

You have to be careful how you answer that because there are so many different kinds of privacy. One kind is that with others around the place you throw an old pencil on your desk believing there's a reasonable chance it will be there when you get back. That's the happy kind.

An entirely different kind is when you leave dirty dishes in a lonely sink knowing only too well they WILL be there when you get back.

* * *

THIS SUBJECT often reminds me of a boys' camp I knew as a kid for five summers in Maine about 100 years ago. We had the old Army tents with wooden floors and roll-up canvass walls, and for every three boys there was a councilor, each a specialist in his own field of athletics, scholarship or just plain camping.

The routine was so busy you could see a kid parsing a Latin verb while still wet from learning why you shouldn't stand up in a canoe.

* * *

BUT WE ALSO had "Quiet Hour." After lunch you retired to your tent and for 60 minutes you kept your mouth shut. And I don't mean 59½ minutes.

* * *

SOUNDED FRIGHTENING at first, but after a few weeks you learned the reason for it. There were no doors, no locks, no "Ivory Towers," but that one-hour of silence every day became "a room of one's own." Without it, the busy schedule might have turned into "high pressure," even for kids.

The results were wonderful. There wasn't a nervous breakdown in the whole place. Even the councilors survived.

* * *

WHERE'S the commercial for the Plaza Shop? I was supposed to tell you about some new "steals" — including swimsuits, golf shorts and "Happy Coats." But now I'm in a mood for being so quiet you could hear a pine-needle drop.

It allocates 90 per cent of all fees back to individual cities and counties to be used for those governments. The remaining 10 per cent goes into the state general fund.

Vandals, placing a cannon cracker in the trunk blew a banana tree into fragments at 160 E. Grand View, police report. Some humorous wag remarked that it was a "banana split." Police taking another and more sober view, seek the culprits.

Other vandals split a young tree in Sierra Vista Park.

The modern home is little more than a family filling station.

'Lucky' Visit to Old School

Fred Van Wickle of 252 Ramona Ave., paid a visit to his old high school on Wednesday evening last week, and it proved to be a fortunate occasion for him.

Fred and his attractive wife, both past students at the school, decided to spend an hour or two at the Sierra Madre School where a Travel Film Show was being presented, and when the drawing for the door prizes was held, they were the lucky winners of a bottle of champagne donated by Royal Drugs.

Other fortunate Sierra Madreans were C. L. Young of 214 Olivera Lane, who took home some attractive playing cards ,courtesy of Perry's Stationery, and Martha Mulleavy, of 510 E. Grand View, who won a ceramic ashtray, from McKibben's Furniture.

Other nearby residents who were lucky in the draw were James J. Flinn of Arcadia, winner of a bottle of men's cologne, presented by Don Jackson, and D. H. Denison of Altadena, who received a Ronson lighter, courtesy of King Jewelers.

Mrs. Meth Hackney, of Hackney Travel Associates, in expressing her appreciation of the fine cooperation from local merchants, advised the **NEWS** that this show was the last in the present series, but that a new series of programs commencing in September.

SYcamore 8-4777

It's that time of year again, when Provisionals, like newly-elected officers, may be wondering what their willingly affirmative YES has gotten them into. Meanwhile, they're being welcomed and told what will be expected during their year of service.

Mrs. John C. Wilfong of Mesaloa Lane, is hostess for today's Provisional and Instructional Tea for Pasadena Auxiliary of Boys' Republic. Only two Provisionals have been named from our area. Mrs. Robert Williams of Valley View and Mrs. Robert Klein of Highland Oaks Dr. Their tasks will not be easy, for I know of none who work harder in the field of community service than the women who twice yearly conduct "the world's largest rummage sale." By the way, their last sale, in April, was bigger and better than ever.

MRS. WILLIAM H. (LOIS) NORWOOD of Altadena is the new president and our own Mrs. Clay (Zoe) Snider the first vice president for the coming year. On Tuesday the ladies trekked out to Claremont to put on a fashion-tea for the Boys' Republic staff. Local models included Mmes. John Winkler, Dale Sandro, Clay Snider, William Morris; and tea table chairman Mrs. Vern Harding and Mrs. William Cook.

BUSY YEAR AHEAD too, for Shakespeare Club Juniorss' Provisionals. They include Mmes. Charles Harding, Jr., Paul Downer, Jr., Kenneth Clarke, Ronald Childs, Robert Cheney, Robert Marimon, III, Arthur Little, Donald Kenmonth, Richard R. Jones, William G. Honsaker, Richard Seidel and John Thie.

LAS SEQUITAS BRIDGE Benefit was well attended yesterday. The event included a salad bar luncheon with ten tables of bridge each at the homes of Mrs. Gordon Templar and Mrs. William Pursley. Las Sequitas is the workshop group of Hastings Ranch Cystic Fibros Guild.

SPEAKING OF BRIDGE— the tables were turned at Jeanne and Don Davis home last Saturday night. When Peggy and Joe Smyth, Bea and Craig Boorey, Pam and Bill Worden, Barbara and Lee Campbell met for their monthly pot luck-bridge — the husbands prepared the dinner in deference to Mother's Day Eve.

TRAVEL TALK: The Paul Hart family on Landfair were in Palm Springs for the weekend. Ditto, Elaine and Tony Marfoglia and three children enjoying the Palm Springs Riviera Hotel the previous week. Mrs. Minnie Roller of DesMoines, Ia., is currently houseguesting in the Ranch with her niece, Betty Clutterbuck. The Henry Ashers were in Arizona earlier this month. Ethel thoughtfully sent me a priceless clipping from a Phoenix newspaper, and promised to return in time for the Republican Roundup party Saturday night. The Howard Morgridges, Clay Sniders and Robert Kleins will be off to an Ojai ranch fo the weekend.

MRS. FRED BLEUEL was hostess to some 100 women at her Riviera Dr. home Saturday afternoon. The event was the Mother-Daughter Friendship Tea of the Lutheran Church of the Foothills. Among those assisting her were Mmes. Norman Stevens, Lawrence Ealy, A. J. Swisler, Glen Hegemier and Russell Schulze.

HEN-WRENS Have A Ball! When the two ladies clubs of the Lower Ranch (Hasty Hens and Ranch Wrens) join forces for their annual party, a good time is had by all. In fact, everyone was having such fun during the cocktail hour(s) at the Arthur Mann home, they practically had to be pushed and shoved off to Eatons for a fabulous buffet and dancing.

Sarajane Caldecott and her committee had effectively decorated the tables with May baskets. All of the couples looked especially festive, I'm told; and several of the women were sporting orchids, their advance Mother's Day gift.

Among those in attendance were Messrs. and Mmes. Ray Anderson, Harrison Baker, Ed Barnes, Charles Callow, John Calmer, William Caldecott, Joe Cummins, John Hedrick, John Horne, Gordon Hyde, Blair Hyde, Robert Keilholtz, Edward Specht, Evan Whitlock, David Zinsmeyer and Dr. and Mrs. Shirl Evans.

Also Messrs. and Mmes. Jennings David, Warren Bason, Robert Cress, Ken Smith, William Lansill, Mason Sanders, Harold Sweet, Edward Mackenzie, Daniel Fletcher, Loring Dyer, Grant Otten, and Robert Talmo.

THERE WERE two impromptu post-party gatherings. The Joseph Cummins invited the five members of the band to their home for bacon and eggs. Later still, the William Zinsmeyers had a morning after "recovery party." Their guests were the Cummins, Flo and Ed Barnes, Jo and Bud Baker, Alice and Chuck Callow. As I said — a good time was had by all!

FLO AND ED BARNES, who sold their home in the Lower Ranch a year ago and moved to Ojai, have seldom missed spending a weekend with Ranch friends. Latest news is that ground was broken last Friday for their new home to be built on Sierra Madre Villa, adjoining the Warren Bacons new home site.

Friends who have scrutinized the architect's drawings are really impressed, and hope all goes according to schedule, allowing the Barnes to move back from Ojai in time for the opening of school in September.

LAST CHANCE: Mrs. Richard Major and Mrs. James Alexakis announce Saturday from 8 until 12 will be your last chance to empty your garage of newspapers and drop them off at Field School. Fathers of Eugene Field School will be on hand to unload tied bundles from your car in the school parking lot.

Have you ever thrown a lighted cigaret out of a car window? Of course not, but do you know there are people who do just this sort of thing as a regular practice and they would be the first to deny the fact. They really don't know what they are doing.

As I listen every day, and will for the next three months, to the grind of the tractors and trucks as they laboriously clear the dam of mud from the winter floods, I can't help but think of the damage wrought by one little match.

Perhaps it seems a little early to talk about fires in the Foothills, but we cannot forget for one minute the untold damage and suffering caused by the burning of our hills. They will soon be tinder-dry again and subject to flash fires. It will take years to recover from last fall's disaster and none of us can afford carelessness with fire for one instant.

THERE HAS BEEN much activity on Old House Rd. this week. Dr. and Mrs. Lincoln Wilson were fortunate to catch a moment with Rear Admiral and Mrs. William I. Martin, chief of Naval Air Reserve Training, with headquarters at the Naval Air Station in Glenview, Ill.

Admiral Martin came to Pasadena on May 8 from official business in Hawaii and San Francisco, so he was able to have dinner with the Wilsons on his brief stopover.

Other guests included several members of the Martin family, his mother, Mrs. Ada Martin; his sister and children, Mrs. Maxine Clark; his son, Dick Martin, Miss Cherry Carter; his sister and husband, Mr. and Mrs. Jack Gaulding and their son, Randy; his other son and wife, Mr. and Mrs. Dick Martin, and finally, Mrs. Martin's brother and wife, Mr. and Mrs. Harold Hilf from Van Nuys.

MR. AND MRS. HOWARD CARY are back at their Brambling Lane home after spending the weekend on the Ensenada races. Cary entered his boat, the "Ceres," in the "C" class, and I might say they were sailing along in their class. They carried a crew of five men and a cook (probably too much ballast."

MR. AND MRS. J. C. WILFONG are at home again after a week's visit in Texas. They went down to spend a little time with their newly-married daughter and son-in-law, Mr. and Mrs. Martin Fricks. They are stationed at the Pilot Training Airbase in Big Springs, Tex.

PLANNING the Republican roundup time in the Old Corral are Party Hostess Mrs. Jack Paschall Jr., astride "Tabar," roundup chairman; Mrs. Robert Mueller, sitting on the fence, and Mrs. H. C. Tumilty, president of the East Pasadena-Sierra Madre Republican Women's Club.

Republican Roundup Dinner Is Due May 19

Republican Roundup—It is just the kind of party that you have always wanted to attend. Come dressed as you would for an Old Western Party, comfortable dresses and blue jeans. Plan to dance to the tune of the Republican Rhythm Ranglers, many of whom you'll know.

Never will you have so much fun for just $2 a head, and if you're hungry or thirsty there will be food and brew to please palate and pocketbook.

The place will be the Old Corral at 1324 Sierra Madre Villa. The time is from 8 p.m. to 12, Saturday, May 19.

You don't have to be a Republican to be welcome, just friendly. Reservations can be made by calling Nancy Mueller at SY. 7-5301 or Toni Maurin, SY. 7-9634.

The party is being sponsored by the East Pasadena-Sierra Madre Republican Women's Club, Federated, and from all the plans afoot promises to be one of the social highlights of the season.

Hold School of Missions

The annual School of Missions at Trinity Presbyterian Church will be held on Sunday afternoon and night, May 20, from 4 to 7:30 p.m. in Fellowship Hall. Theme deals with what the Protestant Churches have done, are now doing, and should do in carrying out the Christion mission in Latin American countries.

It will explore the social, economic, and political movements and circumstances in these countries and their bearing on the Christian mission into all parts of the area and into all aspects of its life.

According to Mr. and Mrs. Don Davis, program chairmen, from 4 to 5 p.m. there will be study groups for all ages. Child care will be provided. At 5 p.m. a catered dinner will be served. Following dinner entertainment will be provided from a Spanish-American Neighborhood house.

AT 6:30 P.M. Mr. and Mrs. James Cavin, missionaries from Latin America will give a first-hand documentary on United Presbyterian work in Latin America.

Mrs. Robert P. Nelson Jr.

Church In San Francisco Is Scene of Ann Perine's Wedding to R. P. Nelson Jr.

St. Brigid's Catholic Church in San Francisco was picturesque scene of the afternoon wedding ceremonies on April 15 of Miss Ann Perine and Robert Paul Nelson Jr., son of Mr. and Mrs. Robert Paul Nelson Sr., of Oakland.

Miss Perine, daughter of Mr. and Mrs. Charles V. (Helen) Perine of 287 W. Grand View, Sierra Madre, was given in marriage by her father. She wore a handmade gown of peau de soie, with a chapel train of Chantilly lace.

THE MATRON of honor, Mrs. Mary Futch, and bridesmaids, Mmes. James Clark and D. Eugene Robles, wore silk sheath dresses of apple green and carried bouquets of yellow roses.

Niece of the bride, Diedre Futch, as flower girl, wore a yellow dress and carried a basket of yellow roses.

The bridegroom chose as his best man Dan Draa. Ushers were Richard Woodward and William Ghidossi.

FOLLOWING the ceremony, a reception was held at the Officers' Club on Treasure Island in San Francisco May. More than 200 guests attended.

Following a honeymoon in Santa Barbara the couple are making their home in San Francisco.

The bride is a graduate from the University of California at Berkeley and the bridegroom a graduate from Boldt Law School in Berkeley.

Publisher Sees Mother 1st Time in Five Years

Mother's Day was especially memorable for Mrs. Blanche Long of 413 Pleasant Hill Lane, Sierra Madre, and her son, Edgar Long of Buffalo, Wyo.

Publisher of the newspaper at Buffalo, he had traveled to the West Coast to visit wih his mother whom he had not seen for five years.

Student Body at La Salle Picks Trudeau

Following a heated campaign involving many of the techniques of big-time politics, from banners and speechmaking to distribution of gum, cookies, postcards and efforts of soft-voiced telephone committees, the student body officers for the coming year were determined at La Salle High School.

In the student body presidential race, Joel Trudeau, 3245 Lombardy Rd., Pasadena, won a marginal victiney over opponent Martin Indergand of Arcadia.

Matthew Capielle, 231 Andre St., Monrovia, obtained the vice presidency by topping adversaries Steve McLoughlin of Pasadena and Ed Gilmore of San Marino.

Position of student body treasurer went to Anthony Smaldino, 935 Winston Ave., San Marino, who outpointed his opponent, Mike Cavell of Glendora.

Freshman Don Randolph, 5 Hacienda Dr., Arcadia, snatched the office of student body secretary from Dick Huntley of San Marino.

"BROTHER ORCHID" will be staged in the La Salle High Auditorium on Friday and Saturday nights,, May 18 and 19, at 8:15 o'clock.

The tragic comedy, involving gangsters and monks, a protection racket and sublimities of the religious life, stars senior Jim Godfrey as Little John Sarto the Alcatraz ex-con who turns a monastery on end when he joins up, for questionable motives, as "Brother Orchid.

Others in the cast include Pat Randolph, Terry Slavin, Steve Johnson, Joe Reuter, Peter Barry, John Snyder, Gary York, Bruce Rowe, Donald Ducey and Frank Caldiero.

The Leo Brady play was made famous by Edward G. Robinson's cinematic portrayal of "Brother Orchid."

Robert Alcorn is directing the production, and lighting and sets are under the direction of Brothel T. Mel.

Teen Group Artists To Enjoy Work

No previous experience will be necessary for this activity although plans also include projects for those who have had considerable training. The workshop will be arranged so that each member can work at his own pace.

More About Water

(continued from page 1)

chapi Mountains. This will be used to satisfy the needs all the way south to the California Mexico border. An acre foot of water is equivalent to water one foot deep over an area of 43,560 square feet.

WHO WILL RECEIVE THIS WATER?

Any city, water district or other public agency having the power to collect money for furnishing water service is entitled to contract with the state for the delivery of water. In the case of Sierra Madre, the contracting agency will be the San Gabriel Valley Municipal Water District of which Sierra Madre is one of four member cities.

WILL EITHER THE STATE OR WATER DISTRICT DELIVER THE WATER DIRECTLY TO OUR CITY LINES, OR WILL EITHER TAKE OVER OUR CITY WATER DEARTMENT?

The State contract will bring the water south in large pipes or channels to two terminal reservoirs, one near Castaic and the second east of San Bernardino; the Water District will then construct a pipe line into the San Gabriel Valley from which the water will be turned over to the local Water Department.

In the following weeks: Cost comparisons, — How good is the water, — When will it be here, — What is the Metropolitan Water District's position?

Mrs. C. Cothern Passes Away

Mrs. Corrine B. Cothern, 30 years a Californian, and a Sierra Madre resident for the past one and one-half years, passed away suddenly on May 14 at her home at 39 E. Lowell Ave., Sierra Madre.

Mrs. Cothern is survived by two sisters, Mrs. A. P. Howard of Sierra Madre, and Mrs. Harry Ley, same address, and a nephew, Robert E. Bunch of Claremont.

Services were Wednesday at 10:30 a.m. in the Ripple Mortuary Chapel, with Dr. Max R. Flickeringer officiating. Interment was in Sierra Madre Cemetery.

Death Summons Mrs. E. MacNeill

A Californian for 20 years and Sierra Madre resident for 18 years, Mrs. Eunice Blanche MacNeill, 79, formerly of 336 Sycamore Place, passed away at Pasadena Sanitarium on May 5, following a long illness.

Originally from Cumro, Neb., Mrs. MacNeill is survived by three daughters, Mrs. Sylvia Sorrell of N. Hollywood; Mrs. Mary L. MacGregor of Los Angeles, and Mrs. Madeline Parsons of Farmington, Minn.; two sons, Frank MacNeill of Sierra Madre, and Henry N. MacNeill, with the U.S. Coast Guard at Boston, Mass.; two brothers, Arthur George of Lincoln, Neb., and Ralph George of O'Neill, Neb.; and two sisters, Mrs. Bertha Highnote of Kearney, Neb., and Mrs. Marguerite Cook of Tracy, Calif. There also are nine grandchildren.

Services were Saturday from the Ripple Mortuary, with Dr. W. Lowell Fairly of Calvary Baptist Church, Pasadena, officiating. Committal was private in Pasadena Mausoleum.

Alverno Drama Offers Comedies

Two one-act comedies will be presented by the Alverno Heights Academy Drama Club on Wednesday and Thursday evenings, May 23, and 24, at 8 p.m. at St. Rita's School Auditorium.

Youth Rally

(continued from page 1)

considerations are included. Each speaker will be given equal time on every question. High school and college students as well as voters are urged to attend.

Panel members will be Kathy Mico (of Hastings Ranch), Margaret Warne, John Fauvre, and Howard Traylor. The general areas of discussion will include censorship, radical groups, civil rights and employment laws, population problems, educational developments, fiscal policy, urban affairs, and juvenile delinquency.

Shippey Column

(continued from page 1)

were coming in and underselling American salesmen who, for four years, had had the field to themselves. Many American companies had grown too big to compete for any business which wasn't big.

* * *

I'M NO BUSINESSMAN, but the mere fact that now so many railroads, airplane lines and other industries want to merge and grow bigger reminds me that I have seen the yearning for bigness lead to trouble. Slow, solid well-founded growth is far better. Unfortunately, every corporation executive feels his department must show more growth and profit or he may be out of a job, and the only way in which he can justify a $100,000-a-year salary for himself is to have several $20,000 men under him in a really big concern.

* * *

SIMILARLY, every labor leader feels that unless he can make his followers believe he is gaining something for them every year he is likely to be out of a job himself.

And of course both, within limits, are correct.

Men and movements must progress to live. But the highways aren't the only places where unrestrained speed brings crashes. That is why Wall Street men who seemed to be millionaires in 1928 were jumping out of 20-story windows in 1929 and carpenters who felt rich with $10 a day jobs in 1918 were begging for $5 a day jobs in 1931.

* * *

HIGH PROFITS, salaries and wages are nice, but don't forget that in other nations there are equally skilled workers and equally skilled managing directors who are glad to work for less than half what we pay ours, and we all lose when we price ourselves out of any market.

Reagan Speaks

(continued from page 1)

IN REFERRENCE to U.S. economy, Reagan said, "There's no security any place in the Free World at this moment if there isn't fiscal and economic responsibility within the United States. No nation in history has ever survived a tax burden that went beyond one-third of its national income.

"Today 33 cents out of every dollar earned is the tax collectors share, and of that 23 cents goes to the Federal Government, leaving a dime to be divided up between the state, county and local community.

"No wonder whatever we need they tell us to turn to the Federal Government for a grant in aid. But wouldn't it make more sense to keep more of that money home in the first place instead of running it through that puzzle palace on the Potomac, only to get it back minus a carrying charge. Some 75,000 employes were added to government payroll last year.

"WE ARE SEEING the growth of a permanent structure of government so big, so complex and so self-perpetuating that it is virtually beyond the control of Congress. In 1942 there was one high salaried person for every 89 employes in government, today the ratio is one for every 17 employes. Futhermore, a congressional sub-committee reported no government bureau or agency created in answer to an emergency ever went out of business, even after the emergency no longer existed."

"YOU AND I are beholden only to God for our freedoms. Government is a necessary establishment as a watchdog, not a cow to be milked. People of a liberal persuasion talk of more government as the answer to our problems. Exponents of Liberal-Welfare, Socialist, and Communist philosophy share one thing in common —it differs by degree but it has a single characteristic —they seek the answer to human problems through more and more government.

"We have a responsibility to elect the party that is dedicated to the Free Enterprise sysem, to constitutional limitations in government, to restraints in spending; and we hope, to the return of fiscal sanity and responsibility in government."

Jackson Report Is Key to City's Prosperity

This newspaper has stood steadfast in its espousal of progress for Sierra Madre, this in the face of a coterie of citizens who wish to keep this "Little Foothill City of Livability" "Quaint," "As Is" and without progress.

We are certain that despite this unencouraging "holding back" Sierra Madre will grow. But we join with other progressive citizens in the hopes that it will grow right, in accordance with a well-conceived plan, and we can add, beautifully and modernly.

The report of Don Jackson heading a Citizens Committee on ways to accommodate this, submitted at last week's Council meeting, can if properly utilized, constitute a keystone to this much needed progress, especially in the matter of more commercial establishments, more parking space and more tax dollars for the city.

* * *

THE SIERRA MADRE NEWS does not believe it necessary for the city to expend additional funds — it needs conserve every possible dollar — with which to hire a so-called expert to mull over the Jackson report and to make additional recommendations which might be good — or mediocre.

We have the Jackson report, compiled after eight months of careful study and analysis; we have a city manager-engineer who is paid $12,500 a year, and who is entirely capable of helping implement the Jackson report, and we believe that we have merchants who will be willing to do their share in expanding and beautifying their premises.

It is tough when a man wishing to spend, say $200,000 in establishing a new merchantile business in Sierra Madre consults with the Chamber of Commerce, and the latter has to advise him, "Sorry, but we have no commercial district lots for your proposed new business here."

That is a loss to the city government and to every taxpayer in Sierra Madre and its area.

* * *

FOR INSTANCE, from 1930 to 1961 Sierra Madre had a 110 per cent increase in population, yet our commercial area decreased 4.169 per cent.

At present, in the commercial area we have 113 parking spaces or 1.47 space for each business. Yet there are 14,900 cars registered in the area.

The commercial area carries approximately 7 per cent of the total assessed valuation while 20 per cent is close to normal.

Total consumer dollars spent in Sierra Madre in 1961 was $5,125,000 when it should have been around $11 million.

* * *

GOOD PROGRESSIVE commercial planning is more valuable to a city than R-3 zoning provides.

The Sierra Madre News recommends very careful study of the Jackson report and its implementation without outside help. We are reasonably certain that the Chamber of Commerce and the businessmen will be willing to do their share in embellishing their own establishments and in extending the commercial district if the city will shoulder its share in the necessary enterprise, for the city stands to increase its tax dollars appreciaby.

Streamlining Is 'Awry'

The streamlining procedure adopted by City Council has a decided drawback which should be remedied at once.

Audience oral communication — the people speaking from the floor to their elected representatives —is made the very last item on the agenda.

As arranged public hearings and public petitions are slated first. This is all right .But the **SIERRA MADRE NEWS** believes that the public voice has a right to be heard in the third spot, and we suggest that Council move accordingly.

The taxpayers wishing to voice their opinions to their representatives should not have to wait until 10:30 or 11 o'clock at night while Council mulls around with other problems.

The Question Is 'Why?'

A Hollywood screen writer, not so long ago, wrote a "Letter to the Editor" which appeared in the Los Angeles Times, and which again brings into focus the fact that the Hollywood movie moguls consistently refuse to make anti-Communist films. This in face of overwhelming sentiment among the American people for such moving picture stories.

It brings to mind the patent fact that the movie makers will go all out to manufacture anti-Nazi and anti-Fascist stories but when it comes to taking a stand against Communism the decision is an emphatic — and fearsome — "No!"

It raises the question — and indeed a serious one — as to why the men in Hollywood continue to carry water on both shoulders, whether they are for or against Communism, whethey they fear Communist overthrow of the United States government and its subsequent control by the Reds in which case they could say: "See, we never made an anti-Communist picture."

* * *

THEY MIGHT as well spare themselves such thoughts and policies for chances are if the Commies did seize control of America, among the first things they would do would be to stand up against the wall and shoot the movie makers, the present strata of Pinkish college professors we have with us these days, and the newspapermen, including this editor.

Present persecution of the Jewish intelligentsia in Red Russia is an example of what might be expected.

The Letter to the Editor which appeared in the Los Angeles Times and which was mentioned at the outset of this editorial, follows:

"A prominent Soviet film director gave a confidential lecture on American films to a group of students in Hungary in 1955. I was in the audience and I still remember his conclusions as follows:

* * *

"ALTHOUGH we Soviet film makers officially brand the American producers obsession with sex and crime in their movies as characteristic of the decadent Capitalistic culture, actually we welcome it.

" 'For, as long as they keep turning out mostly garbage and do not produce anything to offset the propaganda effect of our anti-American films, we certainly are going to win the battle for the minds of men.

" 'And what is even more important, Many American film makers deliberately promote the cause of Communism.'

* * *

"AT THAT TIME, I was working on a screenplay dealing with the experiences of three American fliers in Hungary during the German occupation and Soviet invasion of 1944.

"When I escaped from Hungary in 1956, I rewrote the manuscript in English and recently submitted it to several agents and producers in Hollywood. Yet all I have contacted so far refused to consider my screen play for production. Their objections boiled down to this:

" 'You say you intend to warn the American people of the aggressive aims of Soviet imperialism through a film showing what really happened when the Red Army occupied an Eastern European country.

" 'Well, we urge you to drop the subject. It isn't nice to write anything like this when Khrushchev talks peaceful co-existence, friendship and mutual understanding. We believe him and we do not want him to take offense.'

* * *

"I WAS HORRIFIED to learn the attitude of many people whose duty should be to use the weapon of truthful artistic productions in the fight against the outrageous lies heaped upon America.

"I have mailed a copy of my screen play to Moscow Studios, Moscow, care of Comrade N., director. I have attached the following letter:

" 'I hate to do this, but I must apologize for not believing you six years ago. I realize now that you were right beyond your wildest expectations. To preach anti-Communism in American film studios is just as hopeless as to preach the Sixth Commandment in houses of ill-repute."

* * *

THE SAD PART of this is that it is all true and the movie magnates are deliberately — and unpatriotically, even treasonably — passing up a splendid opportunity to assume a leadership in America's fight against Communism.

Thousands of men are out of work in Hollywood while the moving picture studio owners make their films overseas — it is cheaper to do so. Hollywood has the opportunity to put these men back to work through the making of anti-Communistic pictures. Organized labor might look into this.

5 Bond Issues For $970 Million Up

By Henry MacArthur
(Capitol News Service—Special to the Sierra Madre News)

SACRAMENTO — Consolidated with the June primary election will be a statewide ballot on five bond issues, which if passed will put the people of the state of California in debt to the tune of $970 million.

Originally, Governor Edmund G. Brown attempted to obtain voting on two of the bond issues in June, and two in November. The fifth was a matter of legislative direction, and would have appeared on the June ballot in any case.

He was frustrated in this attempt by the Legislature's action however, and now the people of the state have an opportunity to decide on the entire package at one election. The frustration resulted from maneuvering in the Legislature, and efforts of the Republican minority to force the vote at one time.

* * *

BETWEEN NOW and June 5, there will be plenty said about the merits of the five bond issues. Already, committees are starting to work financing campaigns to urge passage of certain of the measures.

But there is a big question as to whether the people of California want to increase the public debt to a total of more than $6 billion.

Already, the state has authorized bonds totaling approximately $5,218,000,000. Not all of these bonds, of course, have been sold, but they may be sold at any time funds are needed for various projects authorized by the people.

It is true also that some of the oustanding and unsold bonds are payable from funds other than the general fund of the state of California.

* * *

BUT EVEN SO, the credit of the State of California is obligated now to the extent of $5,218,000,000, and the additional issues, if they all carry in June ,will make the total $6,188,000,000.

Concept of bond financing has been in general usage for many years. There was a highway bond issue in 1909 which was just paid off last year ,53 years following authorization by the people. The state paid 4 per cent interest on this issue of $18 million.

And the state still is paying for the second highway bond issue of 1915, which was for $15 million. Bonds cost more that year. The charge was 4½ per cent. These two issues ,it must be recalled were before World War I.

Generally, financing through bonds costs about double the amount of pay-as-you-go financing, which means that the actual cash required to retire the already authorized and proposed bond issues if adopted, will be close to $12 billion dollars.

* * *

BETWEEN NOW and election time, it is conceivable that many people will give some grave thought as to whether they want to encumber their children and grandchildren with this type of debt.

Voters could, of course, turn down all five of the proposed bond issues, and thus serve notice to government that they are sick and tired of going into debt, without a prospect of getting close to out in the foreseeable future.

Between now and June 5, this column will discuss the bond issues individually.

Letters to the Editor

Dear Editor:

I am curious to know how Mr. Nuetzel's precise plan will help to convince the Planning Commission that his request for zone change will serve the "public safety and general welfare and provide economic and social advantages resulting from an orderly use of land resources."

It is clear to me that a precise plan would only serve to show that Mr. Nuetzel and associates would gain maximum land utilization and thus derive a greater personal income. The main question, however, is not how a particular owner will make the most of his property in regards to increased personal income, but how he will develop that property in closest harmony with its surroundings, so that he and the adjoining property owners wil' share equally the benefits of the zoning.

Mr. Nuetzel has not proved that developing under the existing R-1-15 zone would not yield a fair return.

This proposed development of multiple dwellings would be an over exploitation of one parcel of land, which does not respond to an actual need, and would disturb existing human and economic values, rendering no benefits to the entire area.

—DEAN I. SHELLY
471 Foothill Ave.
Sierra Madre

Dear Editor:

Under date of April 12, you had an excellent editorial on the Sierra Madre Woman's Club and its purposes and activities. However, there was a reference to "Old Ladies" which, you know, strikes the chord of resentment in all of us. It is true that we do have with us some of the charter members of the club, organized in 1907, and others of many years of membership and service, and we sincerely respect and enjoy the association with these "dear hearts." They have done their share of furthering the purposes of this club and can well look to younger members to carry on.

There have been years when it was a little dificult to maintain the building and keep it up to the standards we have set for the various uses, our own and various civic groups. But, we have always been successful and still are, although a small minority persists in believing the property should be disposed of and that another building should be acquired in an inferior location and entirely inadequate for our use and purposes.

We respect your suggestion that organizations in this city consider our problems so that with continued efforts of our own and your support, we will continue this center of activities for the Community.

JUST NOW, on May 12, we are installing a young, more energetic president, Mrs. Alfred J. Barkman, together with other officers and directors who are capable and mindful of the work ahead.

Edna Barkman has held other positions as a leader, one of which was worthy matron of Eastern Star. She is well-liked, friendly, gracious and a fine leader.

The officers and directors are members rather new to Club work and it will be refreshing to have the new viewpoint and a more positive attitude in their thinking .Mrs. A. S. Myers, who has served so faithfully and well in a number of club jobs, especially that of program chairman, will again have her usual fine programs.

THE CLUBHOUSE is available for rentals and we do hope Sierra Madre will back us and use our clubhouse. It is well-equipped for dinners, dances, receptions and parties of all kinds, also for speakers and other program-type meetings and the rents are reasonable. We do solicit and invite the women of Sierra Madre and the surrounding area to join the club and share in our club life by getting in touch with any member or you, Mr. Editor.

The object of the club is to promote unity and good fellowship among its members, to stimulate intellectual development and to strengthen philanthropic, creative and civic effort. It has been said that "Cooperation is the Flower of Civilization" and cooperation is needed to keep the Sierra Madre Woman's Club operating as it has the past 55 years.

—MARY E. BEUTLER

Dear Editor:

I should like to take this opoprtunity to express my appreciation of the efficiency and consideration shown by the men on the street project at W. Sierra Madre Blvd. and Sunnyside.

F. W. Richter and the Sierra Madre Street Department have done a fine job in minimizing the inconvenience and general upheaval usually occasioned by such an operation. As the owner of the Star Sierra Apartments, this has meant much to me and all of my tenants.

Wycliffe Bible Leader Will Be Guest Speaker This Sunday at Bethany

Dr. George M. Cowan, president of Wycliffe Bible translators, Inc., will be guest minister at the pulpit of Bethany Church of Sierra Madre this coming Sunday morning at both the 8:15 and 11 o'clock services. Dr. Cowan comes to Bethany as part of the missionary emphasis program during the "Month of Missions" which is taking place at the church during May.

Main objective of Wycliffe Translators is to give to every man the scriptures in his own tongue, the language that "speaks to the heart."

There are close to 2,000 languages into which no portion of the Bible has been translated. There is now a membership of 1,248 juniors and it is their desire that 6,000 to 8,000 more young people become trained in this most important task so that these languages can be translated into writing to make it possible for all to have the gospel of Jesus Christ in their own tongue.

DR. COWAN has completed graduate studies in theology, linguistics and anthropology and is an accomplished public speaker with wide experience and outstanding ability to sense the needs of the church of today in its task to reach natives in all lands and tribes.

Beside his work as president of Wycliffe Translators, he directs the Summer School of Linguistics at London each year. The public is urged to take this opportunity to hear about an outstanding missionary program with a sound spiritual approach.

SUNDAY NIGHT at Bethany Church Eric Fife, who is director of missions for Inter-Varsity Christian Fellowship, an international organization of college students dedicated to reach their contemporaries with the gospel of Jesus Christ on the campuses of the universities around the world, will speak. The service begins at 7 p.m.

Rev. Fife, who lives in Chicago with his wife and three girls, is on the West Coast to personally oversee the final stages of a film entitled, "Missions in Crisis," which is being produced by Cinema Consultants, Inc., of Pasadena. He will be in the area a short time and Bethany Church is happy to make it possible for the public in this area to meet and hear this man. He has been acclaimed by many as one whose viewpoint on world missions is increasingly becoming the most valid approach in the space age.

FOLLOWING the evening service the adventure film, "The Angry Jungle," will be shown. This film, in vivid color, depicts the documented answer to the evil forces which surround the jungle areas of the Malay Peninsula following subjugation of the Communist guerilla forces.

The evil forces of heathenism as it grips the hearts of the unconverted is exceptionally depicted by a fine cast of people who portray the work of a faithful missionary, an American rubber exporter and his son, Larry, and Wing Cheong, a faithful Christian Chinese whose glowing faith is a tribute to the impact of the Christian faith on a person's life.

Dr. Robert N. Schaper, Pastor of Bethany Church, cordially invites the public to all of the services.

'Evil' Topic Put Before Fortnighters

The Fortnighters, adult discussion group at Congregational Church, will look at some of the possible solutions to one of the most difficult problems to face men of faith in this world: What is evil? Why does God allow it? Why must good people suffer? What is the relationship between good and evil? Why do men of faith so frequently differ about it? What does the Christian faith tell us about how to meet evil?

All who are interested in stretching minds and seeking answers to these questions are invited to share in the discussion. The group will meet at 8 p.m. at the home of Lee and Barbara Cline, 290 San Gabriel Court, on this Friday, May 18.

TIME CLOCK

...for more than thirty electric "servants" who work for you at an hourly cost 21% lower than in 1939

See those hands up there? They measure the kilowatt hours of electricity it takes to run the more than thirty electric appliances that serve the average California family. (A kilowatt hour of electricity will keep a 100-watt bulb lighted for 10 hours.)

What's so remarkable about a kilowatt hour? Nothing, unless you care how much you spend for things, as most of us do.

The average cost of electricity per kilowatt hour for Edison residential customers is 21% lower than in 1939.

Sure, your electric bill is higher now. That's because you are using more than twice as much electricity as you were in 1939. But your average cost per kilowatt hour is 21% lower.

The reason: more efficient methods of producing and delivering electricity, plus greater usage, have lowered your unit cost. The electric industry continues to lead in the research to find new ways to produce and use electricity. And logically so. Electricity is our business.

This research will continue to increase our efficiencies. As it does, Edison will continue to bring you an abundant, dependable supply of electricity at the lowest possible rates.

Standing Ovation Is Given Former Mayor Schiltz by Layman's Retreat League

Members of the SierraMadre Council of the Knights of Columbus, joining other members of the Layman's Retreat League from Sierra Madre and Monrovia, gave William Schlitz a standing ovation twice during their meeting at the close of the retreat on Sunday, April 29.

The men on retreat used the beautiful outodor Stations of the Cross for the first time that weekend in deference to Mr. Schiltz who was among the retreatants.

Fr. Gaile, C.P. ,Retreat Master, in his last conference of the retreat, mentioned the outstanding quality of Mr. Schiltz's work on the Stations. Fr. Faustinus, Retreat Director, during the Retreat League meeting, paid glowing tribute to the artistry, zeal and superb craftsmanship of these stations.

THESE OUTDOOR stations, though not yet complete, are one of the outstanding religious attractions of their kind in the country. They already have been studied by a group from Kentucky who intend to imitate them.

"Bill" Schiltz came to California from South Dakota in 1924. He built St. Rita's Church in 1925 and the Passionist Monastery in 1930. He was mayor of Sierra Madre April, 1938 to April, 1942, and councilman April, 1942, to April, 1948.

His son, Fr. Keith Schiltz, C.P., is now in residence at the Monastery.

New Church Model Seen at 2 Places

Considerable interest is being shown in the scale model of Shepherd of the Hills Lutheran Church's first building, being displayed in business places in the Sierra Madre-Arcadia-Pasadena area.

The model, created by Mrs. Roger M. Kelley of Sierra Madre, will be exhibited beginning Monday, May 21, at John's Barber Shop, 3587 E. Foothill Blvd., Pasadena, in the Foothill-Rosemead shopping center, by courtesy of John Depoian, owner.

This week the model is on display at First Western Bank, 100 W. Sierra Madre Blvd., Sierra Madre, by courtesy of F. E. Dolph, manager.

BUSINESSMEN desiring to display the model may contact Mr. Kelley, building chairman.

The congregation, now meeting in the Sierra Madre Masonic Temple, plans to break ground this summer and build on its three-acre site at the northwest of Santa Anita Ave. and Foothill Blvd. in Arcadia, just across the line from Sierra Madre.

The most beautiful roses in the world
Pageant of Roses Garden
More than 100,000 visitors see the Pageant of Roses Garden each year. They are attracted by beauty in the form of 4,000 magnificent blooming rose bushes in a spectacular natural setting at Rose Hills Memorial Park in Whittier.
The impact of color, form, fragrance and atmosphere is an unforgettable emotional experience. Blooms are kept at a peak virtually all year around. This is accomplished by scientific methods and special care. The "secrets" are readily made known to all visitors at the convenient Golden Pavilion in the center of the garden.
The 265 varieties on display at the Pageant of Roses Garden range from All-America selections through climbers, tree roses, baby roses, Floribundas, Grandifloras, patented, historical and special strains. Supplementing the nearly three acres of roses are many other lovely flowers, shrubs and trees.
The Pageant of Roses Garden is open every day of the year. There is no charge for admission and ample free parking is provided.

Duff is in Arcadia Methodist Hospital with fractures to both jaws, a broken right leg above the knee, broken finger on the right hand and a severe cut on the left foot. The car was badly damaged.

A day previous to the accident he was one of the three firemen honored for having completed 20 years of service with the company. The others were Chief Charles E. Brown and Capt. Robert H. Clark.

Speed Stars Will Clash in Rich L.A. 'Cap

Seasonal debut of handicap champions Four-and-Twenty and Olden Times Saturday in the $50,000 added Los Angeles, one of the nation's three richest sprint events, will climax the first full week of thoroughbred racing at Hollywood Park.

These two outstanding equines, ranked as the top two choices for "Horse of the meeting" honors, will clash with Winonly, winner of the opening day Hollywood Premiere Handicap, and other highly regarded thoroughbreds in the seven-furlong Los Angeles, which again will have considerable influence on battling for national honors in the sprint division.

Olden Times remained in the barn as stablemate Prove It represented the Rex Ellsworth stable in the Hollywood Premiere, but a recent 1:10-1/5 six furlong drill is proof that the latter, who was the star of the Santa Anita winter racing season, is more than ready to take on his arch foe, Four-and-Twenty.

WINNER OF BOTH Hollywood and Santa Anita Derbys last year and victorious in the Santa Anita Maturity last winter at Arcadia, Four-and-Twenty could greatly enhance his national rating with a victory in the Los Angeles. The Alberta Ranches flyer appears ready to avenge his loss to Olden Times and his stablemate Physician in the Santa Anita Handicap.

After taking the Premiere with ease, Winonly must be considered a strong threat to upset the favored pair over the seven-furlong distance of the Los Angeles. He won the six-furlong inaugural feature in 1:08-4/5 and had speed to spare in that length and one-half triumph.

S. M. Officer Aids In Nabbing Young Auto Theft Trio

Officer Stanley Baney of the Sierra Madre Department assisted seven Monrovia policemen and two police cars from Arcadia Sunday in rounding up three youngsters, two of them juveniles, who reportedly admitted stealing 15 automobiles in the past two weeks, abandoning one after another as the gas ran out.

The trio was captured in the Monrovian foothills after a two-hour chase .Two of the three are from El Monte and Temple City. The third is listed by police as Robert Dean Shinpaugh, 19, of El Monte.

Montrose Mission

A Sunday call took Don J. Colbert and the Sierra Madre Search and Rescue Team boodhounds to Montrose but when they arrived there three youngsters, two 10-year-olds and the other 14, had come out of the hills back of Sylmore under their own steam. The mothers, alarmed when they didn't return toward evening, notified the authorities.
